## Objective:

Highly motivated and detail-oriented web developer seeking an opportunity to contribute to innovative projects and gain hands-on experience in the field. Eager to utilize my technical skills and passion for web development to create dynamic and user-friendly websites.

## Education:

B.Tech ( Electrical and Electronics Engineering )

JPNCE Collage, Mahabubnagar, Telangana

Graduation: [2023]

## Relevant Skills:

- Proficient in HTML, CSS, and JavaScript.
- Experience with front-end frameworks such as Bootstrap.
- Familiarity with back-end technologies like PHP.
- Knowledge of responsive web design and cross-browser compatibility.
- Understanding of version control systems (e.g., Git) and command-line tools.
- Basic knowledge of database management (SQL).

## Projects:

- Created a responsive portfolio website using HTML, CSS, and JavaScript.
- Developed a simple e-commerce website as a personal project, implementing user authentication and cart functionality.
- Collaborated with a team to build a mobile-friendly website for a local non-profit organization.

## Additional Skills:

- Strong problem-solving and analytical skills.
- Ability to work effectively in a team environment.
- Continuous learner, staying up-to-date with the latest web development trends and technologies.
